PRODUCT DESCRIPTION

The Kobra 260 HS 2 high security shredder with added horsepower is best suited to shred high volumes of classified documents and microfilm fiche. This machine is powered by twin continuous duty motors and has a heavy duty chain drive with steel gears. The cutters shred waste into 1 32 x 7 16 size particles and meet Level 5 of DIN 32757 DIN standards. Its automatic start stop via a photocell sensor allows for one handed feeding of documents into the shredder. When the door is opened or bin is full, the 260 HS 2 shredder automatically stops and a visual indicator light alerts the operator. In the case of a paper jam, the automatic reverse will start and the jam is cleared instantly. The 260 HS 2 has thermal protection to keep the machine cool while in use.

PRODUCT SPECIFICATION

Shred Capacity	12 sheets
Shred Size Length	.4375 in.
Shred Size Width	.03125 in.
Throat Opening	10.25 in.
Speed	20 ft./min.
Horsepower	1.5 hp
Waste Bin Volume	15 gal.
Voltage	115 volts
Security Level	5 quantity

PRODUCT FEATURES

DIMENSIONS

Weight:	115.00 lbs.
Width:	19.50 inches
Length:	14.80 inches
Height:	33.20 inches
