PRODUCT DESCRIPTION

The Kobra 240 HS high security shredder is suited for low to medium volume destruction of classified documents. It easily cuts microfilm fiche into high security 1 32 x 7 16 particles. Its continuous duty motor and heavy duty chain drive with steel gears produce shred waste that meets Level 5 of DIN 32757 DIN standards for high security shredding. The specially designed cutting mechanism compresses the shredded paper and increases the capacity of the waste bin. Its automatic start stop via a photocell sensor allows for one handed feeding of documents into the shredder. When the door is opened or bin is full, the 240 HS automatically stops and a visual indicator light alerts the operator. It comes equipped with a conveniently removable 8 gallon waste bin. No plastic waste bags required.

PRODUCT FEATURES

PRODUCT SPECIFICATION

Shred Capacity	8 sheets
Shred Size Length	.4375 in.
Shred Size Width	.03125 in.
Throat Opening	9.5 in.
Speed	14 ft./min.
Horsepower	1 hp
Waste Bin Volume	8 gal.
Voltage	115 volts
Security Level	5 quantity

DIMENSIONS

Weight:	33.00 lbs.
Width:	14.40 inches
Length:	12.90 inches
Height:	21.80 inches
